

Take off with flexible mobility

An AAPT Mobile Voice solution for business

At AAPT, we know how important mobility is to your business. That's why we offer a flexible multi-vendor approach for mobile voice services. When you switch your business mobiles to AAPT you can nominate either Vodafone, Optus or Telstra CDMA as the network provider to best support your coverage requirements – it's your choice. And as an AAPT Business Mobile customer, we'll make it easy for you to take advantage of the latest technologies, like WAP, data and multimedia. Regardless of the size of your organisation, AAPT can deliver the mobile services you need to help you get on with business.

Smart solutions for business

DATA | VOICE | INTERNET

AAPT BUSINESS MOBILE OFFERS YOU A CHOICE OF SMART MOBILE SOLUTIONS THAT ADD VALUE TO YOUR BUSINESS AND COULD REDUCE THE COST OF YOUR MOBILE CALL SPEND.

Benefits for your business

AAPT Business Mobile is the smart choice if you want a great mobile solution for your business. When you switch your mobiles to AAPT, you benefit from competitive flat rates for all calls, plus you get to choose from a number of mobile networks.

Depending on your coverage needs, you can nominate Vodafone, Optus or Telstra CDMA and still enjoy AAPT's competitive call rates.

Smart reasons to choose AAPT

Simplicity of service

We want to take the hard work out of managing your mobile phone fleet. When you switch your business mobiles to AAPT, you receive one integrated bill, one service agreement and more importantly, you have one provider to deal with for all your communications needs.

Tailored business solutions

We know that every business has different needs. That's why your AAPT Account Manager will work with you to develop a smarter mobile solution that's easy to use and tailored to your specific needs.

AAPT is committed to understanding your business and providing solutions that deliver maximum value for your business dollar.

“Experience the freedom of a flexible mobile service”

Key features

Choice of mobile network

When you're mobile, you want network coverage you can rely on. That's the reason we have adopted an open vendor approach. AAPT allows you to nominate your mobile network from Vodafone, Optus or Telstra CDMA. This ensures you receive the network provider with the best infrastructure to support your coverage needs.

Competitive call rates

Every business is looking for ways to reduce their operating costs and increase their productivity. Your AAPT Account Manager will work with you to identify the most competitive and cost-effective flat rate pricing plans that will make a positive difference to your bottom line.

Per second billing

AAPT Business Mobile is the smart way to squeeze every bit of value from your business dollar. With no access fees, no flag fall and per second billing, you only pay for what you use*.

Capture the future

Your AAPT Account Manager will keep you up-to-date as new digital mobile innovations are rolled out. Naturally, as an AAPT customer, you will have access to the very latest handsets from the world's leading manufacturers.

Make the most of your mobile

You can do a lot more with your mobile phone than simply make calls. AAPT's advanced messaging capabilities mean you never miss a call. What's more, you can send and receive faxes, access and send email and depending on your phone, log into a real-time video conference**.

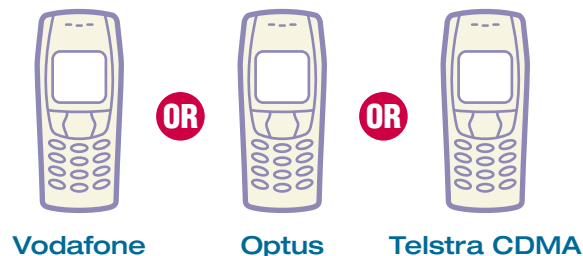

24/7 customer support

It's good to know that when you need assistance, help is only a phone call or email away. As an AAPT customer you have access to 24/7 customer care for technical, hardware, enhanced services and network queries.

*Does not apply to Optus GSM and some Telstra CDMA plans.

**Fees apply.

Nominate your preferred mobile network
