# Optus Voice Over DSL

Combining your phone  
and Broadband needs

### Terms and Conditions

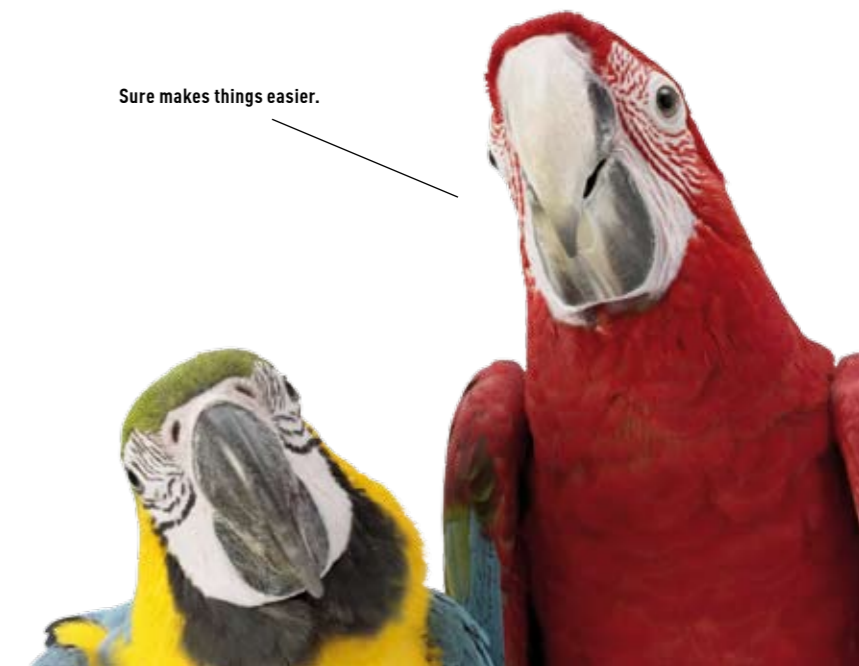

Optus VoDSL is available to eligible small business customers as defined by Optus. The service is currently available in metropolitan areas, which include Sydney, Melbourne, Adelaide, Brisbane, and Perth. However, due to commercial and technical reasons, not all premises can be connected to the service. The VoDSL service is connected to your premises with a series of installations and finally your numbers will be moved over to Optus. As such, delivery timeframes cannot be guaranteed. \*Line rental cost applies per line and per month and there are 2 minimum combinations of lines and broadband: 1. 6 lines at \$27.50 per line, per month, with minimum total cost over one year of \$2772.00 and optional broadband. 2. 4 lines at \$27.50 per line, per month plus \$70 for broadband (1GB plus 2GB free) with minimum total cost over one year of \$2688.00. The minimum contract term is one year and early cancellation fees apply and can be calculated as: gross rate monthly service charge and number of lines x remaining months in the contract term.

1. The hardware (Integrated Access Device – IAD) included with this service is for use with the Optus VoDSL service only. It remains the property of Optus at all times and must be returned to Optus on termination or cancellation of the service. 2. You will need to connect the IAD service to your own telephony systems and computer. 3. An Acceptable Use Policy applies and a copy of this can be found as an Appendix to the Standard Form of Agreement. 4. For technical and commercial reasons, Optus reserves the right to limit uploads and downloads. 5. No further discounts are available. 6. Application for this service must be in accordance with the Optus Outbound Voice Services and Optus IP Data Services descriptions in the Standard Form of Agreement. 7. Prices, including line rental and call rates, may be varied during your connection to Optus. 8. Contract and volume discounts apply to calls only and do not include line rental.

Business Long Distance – Optus calls exclude calls made using 1456 Override, calls from mobiles, calls to MobileSat and other satellite services, Calling Card calls and Operator Services calls. Corporate and Government and some business customers, Service Providers and their customers are also excluded. It is not possible to keep existing service numbers if relocation is outside the existing exchange area. All prices quoted include GST, unless otherwise stated. Pricing and information correct as at 1 February 2007. Prices subject to change without notice.

SingTel Optus Pty Limited ABN 90 052 833 208 trading as Optus Communications 101 Miller Street North Sydney 2060. Optus, the Optus logo and 'yes' are trade marks of SingTel Optus Pty Limited. Optus Communications services are provided by Optus Networks Pty Ltd ABN 92 008 570 330 and Optus Mobile Pty Ltd ABN 65 054 365 696. 4D1116 (01/07)

Sure makes things easier.

# Optus Voice Over DSL

Efficiency is everything when you're running a small business. That's why choosing Optus Voice Over DSL (VoDSL) makes so much sense. By combining your standard local and long distance phone service with broadband Internet, Optus VoDSL provides a simple and highly streamlined solution for all of your business communication needs.

Optus Voice Over DSL is ideal if your business:

- Wants to save money on its local and long distance telephone calls
- Is looking for a simpler and more efficient telecommunications solution
- Currently manages its broadband and phone requirements with separate contracts
- Needs flexible telecommunications services that can grow as you do.

## What is Optus Voice Over DSL (VoDSL)?

Optus VoDSL is Optus DirectLine phone services bundled with Optus Broadband to provide a complete telecommunications solution for smaller offices. By bundling your phone and broadband needs together, it offers cost savings to Optus that we can pass on directly to your business with competitive call rates and line rental. The Optus VoDSL service is available in most CBD, metropolitan and major regional centres in Australia.

## How can Optus Voice Over DSL help your business?

Optus VoDSL lets you access a wide range of savings and services. Just some of these include:

Service	Details
Competitive, Flat Rates	Including calls to local, national, international and mobile numbers.
Time-Saving Telephone Services	Including Call Barring, Call Waiting, Call Forwarding and Speed Dialling.
Guaranteed Broadband Speeds	You'll enjoy at least 64/64 kbps, with up to 1500 kbps available.
Flexibility	A range of different package options are available to ensure you always have the best possible solution, no matter how your business grows or changes.
Quality Service	A dedicated Business Centre offering you help and advice from people who know the needs of modern businesses.
Mobile Bundle Benefit	Mobile bundle benefit <sup>1</sup> - by choosing to combine your Optus VoDSL and eligible Optus Mobile services you'll also receive 10 minute calls for only 28.6c to eligible Optus Mobiles.

## Choose your Optus VoDSL package

Combine your telephone and broadband to create the Optus VoDSL package that best suits your business. As the table below shows, Basic Packages start with 4 phone lines and the standard Optus 3GB DSL broadband plan.

Packages	Monthly Access Charges <sup>4</sup>			One off installation fee	
	Line rental <sup>2</sup>	Broadband	TOTAL	1 year	2 years
Basic Package 4 lines + 3GB Internet Plan	\$110.00	\$70.00	\$180.00	\$528	FREE
Basic Plus Package 6 lines + 3GB Internet Plan	\$165.00	\$70.00	\$235.00	\$792	FREE
Basic Plus Package 8 lines + 3GB Internet Plan	\$220.00	\$70.00	\$290.00	\$1056	FREE

<sup>4</sup>12 month minimum commitment applies for all VoDSL services.

## Optus VoDSL broadband plans

Internet Plan	Monthly Access Fee	Excess usage charge over given allowance
3GB plan	\$70.00	14c per MB
5GB plan	\$90.00	13c per MB
7GB plan	\$120.00	9c per MB
9GB plan	\$140.00	7c per MB

## Optus VoDSL telephone call rates

Benefit from a low starting rate of 13.2c for your local business calls and competitive flat per minute rates to mobiles, national and international calls.

We also take into account your call usage and tenure, rewarding you with discounts reflective of your monthly spend and contract length. Talk to your Optus representative to determine what great discounts you may be eligible for.

Base Call Rates <sup>3</sup>	Rate per minute
Calls to mobiles within Australia - Flat Rate <sup>1</sup>	28.6c
National calls - Flat Rate <sup>1</sup>	13.2c
International Calls - NZ, UK, USA, Singapore	6.6c
International Calls - Hong Kong	11c

<sup>1</sup>5.5c Flagfall applies per call

## Save even more on your choice of calls

By choosing an Optus VoDSL contract, you'll now enjoy an additional discount on calls to either local, national or mobile numbers. It's your choice.

Length of Contract <sup>4</sup>	Additional discount on calls to either local, national or mobile numbers
1 year - Standard	10%
2 years	20%
3 years	25%

1. Mobile bundle benefit is only available to eligible customers as defined by Optus connecting to the Optus Mobile Digital Service. Optus Pre-paid, Optus CDMA, Mobile Sat, service provider customers, or Corporate customers are not eligible. 2. Additional lines are available at \$27.50 per line. \$132 per line installation fee applies on a 12 month contract. Minimum package is 4 lines plus broadband. 5 line combinations are not available. 3. A 5c connection fee applies per call for calls to mobiles, national. International calls terminating on a mobile may incur a surcharge. Exclusions apply to calls to MobileSat and other satellite services like Iterra and Iridium. Call your Optus representative for the full list of international rates. Plans include a reward of 2GB free per month for combining your Internet and Fixed Line services with 'Yes' Business Rewards. 4. A minimum one year contract applies to all Optus VoDSL services. Early termination charges apply. **General:** See back for more details and minimum total costs.
