

# Optus Voice Box

**An easier path to a complete business telephony system**

## ABOUT OPTUS VOICE BOX

Optus Voice Box is the bundle of:

**Telephone Equipment + Voice Calls and Line Rental + Managed Services**

Instead of tying up your capital with the purchase of PABX equipment and telephone handsets, Optus Voice Box allows you to pay a monthly charge which not only covers your equipment but also your choice of features such as voicemail and the ongoing management of your telephone service.

Combine this with the reliability of the Optus service for your calls and you have a complete business telephony package.

## WHY CHOOSE OPTUS VOICE BOX?

### Simplicity

- An all in one package. You don't need to become a telephony expert to source, install and manage equipment and voice services.
- A single point of contact to take responsibility and be accountable for all support activities.
- A single bill for all your telephony services.\*
- Peace of mind in dealing with a Tier 1 carrier in Optus.

### Choice

- You can choose from a range of Service Management Options depending on your needs.
- Voice Box offers a range of PABX features that can be used to improve every day business operations and deliver productivity gains.
- Your Optus Account Executive will give you advice on what options will be most useful for your business so you only pay for what you need.

### Financial Benefits

- Competitive call rates.
- Free up capital for more pressing demands.
- Cash flow friendly way to pay for the latest technology and equipment.
- A range of options available to easily update to latest equipment.
